

AED Site Information Form

Campbell County Health Emergency Medical Services (EMS) keeps a list of the Automated External Defibrillators (AED) located in Campbell County. Wyoming law requires all persons or agencies (facilities, businesses or organizations) that acquire an AED to notify their local EMS office, and emergency communications centers—you can learn more about this law at www.cchwyo.org/ems. If your business or organization has an AED on the premises, or the status of the AED has changed through purchase or disposal of a unit, please complete this form. For questions, please contact EMS at 307. 688.1161.
