

Dear Participant:

October is National Breast Cancer Awareness Month. One in eight women will be diagnosed with breast cancer in their lifetime. We all know someone who is fighting, has fought or has lost their battle to cancer. It will affect nearly all of us at some point in our lives.

The Cancer Care Committee is asking our community to PAINT GILLETTE PINK this October! PAINT GILLETTE PINK is asking for participation towards awareness and support to our neighbors, friends and family during their fight against cancer. The Cancer Care Committee is a local organization (within the Campbell County Healthcare Foundation) that raises funds where EVERY DOLLAR stays in our community. Since the Cancer Care Committee's inception in 2013, over \$150,000 has been gifted to patients and families fighting cancer.

We have designated Friday, October 27th as community wide PINK OUT day!! We are asking the community wear pink that day to show your support for breast cancer awareness! Some businesses/organizations are asking for donations from employees to wear pink (similar to denim/jean day) and donating to the PGP committee. For more information check out our Facebook page to see all of the exciting support on in the community!!!

Thank you for your support! For questions call Leigh @ 307-689-2299
